ABOUT TODDLE

For all your family's adventures

I spent 10 years in the armed forces and loved having adventures; sailing, mountain biking, cross-country skiing... then I became a mum and nothing changed!

I still wanted to have my adventures but I found there weren't the products available to take my children along with me. So I created Toddle and started making skincare that naturally protects against sun, wind and germs.

HANNAH, TODDLE FOUNDER

Toddle[®]

SUN AND WIND BALM

Powerful protection that's gentle on skin

- Super high SPF 50+ sun protection
- Very effective UVA and UVB protection
- Packed with natural goodness like vitamins E, B3, B5 and lemon
- Soothes young skin, and smells lovely!

- Water resistant — perfect for little splashers
- No Oxybenzone — good news for coral reefs
- Vegan and PETA approved
- Sugarcane bioplastic packaging

It's a mineral sunscreen, which sits on the skin and reflects harmful rays away.

“My daughter has super sensitive skin and this is the best sunscreen we’ve ever tried!”

“This has been a life-changer. Smells amazing and it’s so easy to apply. My eczema hasn’t flared up at all. I’m so happy I found Toddle!”

DRIBBLE PROOF LIP™ BALS

Keeping the adventure going

Perfect for little lips (but we know parents can't resist borrowing it too), our all-natural lip balm is especially formulated to be Dribble Proof™, so it keeps working even on the drooliest babies.

- Vegan and PETA approved
- 100% natural ingredients
- Stuffed with natural moisture-boosters like olive oil, organic jojoba and shea butter
- Toddle Toggle clips to a buggy or bag — never lose your lip balm again!

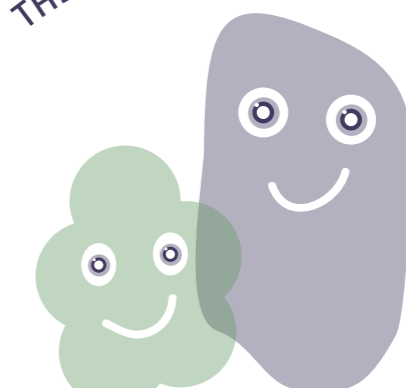

HAPPY GERMS HAND GEL™

No alcohol or nasties – 97% natural

Most hand gels kill off all germs with nasty alcohols and acids, but our 100% natural Happy Germs Hand Gel™ doesn't. Toddle's hand gel is a bit more intelligent than that. We use happy germs, like the cultures found in fancy yoghurts, to help improve the skin's natural barrier.

- Vegan and PETA approved
- Made from 97% natural ingredients
- Sugarcane bioplastic packaging
- Free from harsh chemicals
- Contains gentle aloe vera, plus apricot, lemongrass, turmeric and clove bud oil
- The Toddle Toggle keeps our hand gel right where you need it

THE WORLD'S MOST NATURAL

HAND GEL**

ADVENTURE SCRATCH MAP

Keep track of your family's adventures

A beautiful keepsake to record all your family's adventures. Simply scratch the one's you've done.

- A range of challenges for kids of all ages
- Beautiful design
- Encourages hands-on outdoor activities

ADVENTURE TUBE SCARF

Don't let the cold stop your fun

Our multifunctional tube scarf fits children aged 0–12. The super-soft material and seamless design reduces irritation, and the tube scarf design means little ones won't keep pulling it off!

- 100% microfibre
- Quick drying
- Super soft and super stretchy
- Breathable
- Totally seamless — no more itchy bits
- Can be worn six ways

ADVENTURE BUNDLE

For all your family's adventures

The whole Toddle range in one beautifully designed gift box.

Contains:

- Sun & Wind Balm
- Dribble Proof Lip Balm
- Happy Gut Hand Gel
- Adventure Tube Scarf
- Adventure Scratch Map

All packaging is fully recyclable and as natural and minimal as possible.
